

Prashant Srivastava

Software Engineer

About Me

Exploring tech in depth, Reading book ,Coding, Solving Real life problem

- prashantsrivastava5116@gmail.com 7827677523
- <https://www.linkedin.com/in/prashant-srivastava-7164ba211>
- <https://github.com/prashantmagnifiedcode>
- House no.361 Kapashera New Delhi

Technical Skills

Programming Language :

c, c++, python ,javascript ,Solidity

Web-Development HTML ,CSS ,JSON, Node.js ,APIS ,Tailwind, Bootstrap ,UIKIT

Databases: Mysql, Mongo DB, Firebase

Operating Systems: Windows, Ubuntu

Frame Work : React JS

BlockChain: Truffle ,Hardhat, IPFS ,Solidity ,Nft, Alchamy, Ethereum ,Dapps

Tool Kit: Docker

Project Experience

WEB Project :

- [Youtube | Using React JS](#)

Link: [https://github.com/prashantmagnifiedcode/Youtube Chat App | Using Nodes Js,HTML ,CSS](https://github.com/prashantmagnifiedcode/YoutubeChatApp)

link :<https://github.com/prashantmagnifiedcode/chat-app>

- [WeatherMap \(Deployed on Azure\)](#)

Link: <https://weather.azurewebsites.net/>

- [Bill Spliter \(Full Stack MERN \)](#)

About : It split the amount among friends

Blockchain_project :

- [Voting_Dapp](#) : <https://prashantmagnifiedcode.github.io/Voting-India-Dapp/>
- [Block4Health \(Full Stack MERN \) \(Ethereum Blockchain ,Metamask\)](#)

React Native Project :

- [Youtube \(wit functionality \)](#)
- [Hospital Management \(currently going on \) \(with all functionality \)](#)

Coding Skills

CodeChef | [Profile Link](#) LeetCode | [Profile Link](#)
Hacker rank | [Profile Link](#) Qwiklabs | [Profile Link](#)

Education History

Secondary School

Rao Ganga Ram sr.sec Public School (Affiliated to CBSE)
80 Percentage

Secondary Senior (PCM)

Rao Ganga Ram sr.sec Public School ((Affiliated to CBSE)
87 Percentage

Btech IT (Information Technology)

Dronacharya Collage of Engineering ,Gurugram Affiliated to MDU Rohtak Grad. Year=2024
Average SGPA=9.1

Currently Working on my Giant Project

- **Apple Ecommerce Website**
- **Control Dashboard**(which can control apple Ecommerce Website and also Payment Method Ways, and Employee working statistics and depict the Growth of company with interactive Graphs and)

GDSC – Community Joined

WORKED As **Volunteer** in (GDS) :

- where i learnt how to work in team
- Also worked on Hack-o-rely MERN project

GoogleCloud Cloud Skills

https://run.qwiklabs.com/public_profiles/049fad53-77f6-45ef-8d5d-8d49a93db154

- **AWS:** SMS sending service Used
- **Azure:** Deployed of Full stack project

Competiton Participation

Techgium

- we were designing Decentralised Health Care (in which Patient can sell their EHR in the Form NFT)
- We reached second round of Techngium

Tryst Event (in IIT Delhi)

- Participate in Adobe Design Hackthon (made Travelling ui with AI Feature)
- Codemon Coding Contest

Rajasthan Hackthon (in jaipure) pwskills

- where we code 36 hours on our project

Internship Work

MUSHIN PRIVATE LTD (Worked as Full stack MERN Developer)

Worked on Project Like

1. **PartDekho Website**(Login Feature and logout feature,Authentication with **AWS**)
2. **PartDekho-Admin Dashboard**
3. **Coventry Project**

HUBX PRIVATE LTD (WORKED AS FULL STACK MERN DEVELOPER)

Worked on Project Like

1. **Ecommerce Website**
2. **Blog integration** (medium Blog)
2. **Integrate Google Sheet with website**
3. **Registration Form** (With advance Validation Feature)
2. **Used Tools** (UIKIT css frame work , Express, Nodejs, React , Material ui)
